ASSOCIATION FOR TRAUMA OUTREACH & PREVENTION

with Dr. Ani Kalayjian

15 - 29 June, 2018

Meaningfulworld Humanitarian Outreach Mission to Haiti

Launching a new Meaningfulworld Chapter in Haiti!

"Life is Wealth" orphanage in Haiti cares for almost 100 girls from the ages of 1 - 18 years old. These children live without running water, without beds, without enough food to eat. It breaks our hearts to share that these children report being afraid of the dark, the devil in their dreams and end up with such fear in the night that they cannot sleep. With your generous donations we are in the process of repairing the water pipes which broke 8 years ago during the devastating earthquake.

And with your taxable donations and your open hearts we wish to purchase 82 mattresses for these children to have a comfortable bed to call their own.

Help this child sleep on a comfortable bed instead of the floor

Mission Goals:

1. Teach 7-Step Integrative Healing Model
2. Present a variety of integrative tools to achieve ultimate health and well-being and transform communities in distress
3. To teach how trauma is transformed through meaning-making
4. Provide education and tools for improving Emotional Intelligence
5. Train professionals to create Meaningfulworld chapter in Haiti, thus becoming sustainable
6. Collaboration with Minister of Education and Minister of Health
7. To continue nurturing Peace & Forgiveness Gardens

Your donations are tax deductible
