

Meaningful World

SAVE YOUR CHANGE TO CHANGE THE WORLD

YOUR SUPPORT IS URGENTLY NEEDED TO HELP CHILDREN AROUND THE WORLD!!!

Many children around the world lack the comforts that we enjoy here in the USA. Most of them have to walk 45 minutes along difficult roads, bare feet, to go to school. Many children in Africa, Latin America, Middle East & Asia cannot even go to school; because they have to help their parents cook, fetch water, or work.

Your help is urgently needed. A small change can change the world. Your kind and positive thoughts, your letters of support, your prayers, and your financial assistance can make a difference in the lives of these children. In the photos below, you can see the children in Haiti & Africa struggling under tents as their schools were all demolished. When we visited them we saw that they had no water to drink and no food to eat. Almost all of them had to live under small tents, with no protection from cold and rain. Many children came to our art and play therapy tent with their clothes still wet from the previous rainy day.

The student who collects the most change will get a gift. Please tell your parents, neighbors, friends, and relatives to support you making a difference to the children of the world.
