

Circle of Ubuntu

Dr. Ani Kalayjian

You are worthy of the best,
You are a mighty warrior
You are unique and special
Just like everyone else- 😊
We are here thanks to you!

You are strong,
Energized by your inner sun
You embrace your gifts,
While mindfully work on your development,
Always with compassion and unconditional love.

You are caring,
At the same time sharing,
You possess pizzazz as
You're an admirable creation
And one of a kind.

Here is my hand,
Let's hold one another in a circle,
Creating an infinite parachute
Pulling One another atop,
to new heights and fresher perspectives!

Remember, you are never alone,
Unless you chose to.
We are here by your side, in a
Human circle of oneness,
Side by side in a circle of Ubuntu!
